

431 Data Sheet

High Tack

Removable Double Sided Cloth Tape

Description

A closely woven fabric coated on both sides with a high mass of a high tack modified acrylic adhesive. Providing removable properties without leaving residue behind.

General Benefits

- High tack adhesive bonds to most surfaces including metals and, paints, foams, rubbers, plastics and textiles.
- Balanced adhesion allows clean removal even after prolonged contact and on many plasticised materials
- Thick fabric is very conformable and easy to handle.
- Good resistance to UV light and water.
- Ideal for most temporary bonding applications

Technical Data

Thickness 0.31 mm.

Temperature Range

Minimum application temperature: +10°C.

180° Peel Adhesion Results To Steel

Static Shear (AFERA) Results To Steel

Production Advantages

- Clean and simple to use.
- Quick and efficient application.
- Consistent adhesive coating thickness.
- Consistent adhesion performance.
- Instant adhesion.
- No hazardous fumes.
- No drying or curing times.
- Ready for the next part of application process.
- No contamination of other surfaces.
